DETAILED ACTION

Repeated Rejections

1. The 35 U.S.C. 103 rejection of claims 1, 3 – 5 and 8 – 12 over Bonkowski et al. in view of Harelstad et al. in the paper dated August 24, 2005 is repeated for the reasons of record as the arguments presented in the paper dated October 31, 2005 are unpersuasive.

Response to Arguments

2. Applicant's arguments filed October 31, 2005 have been fully considered but they are not persuasive.

In response to applicant's arguments against the references individually, one cannot show nonobviousness by attacking references individually where the rejections are based on combinations of references. See *In re Keller*, 642 F.2d 413, 208 USPQ 871 (CCPA 1981); *In re Merck & Co.*, 800 F.2d 1091, 231 USPQ 375 (Fed. Cir. 1986).

In response to Applicant's argument Harelstad et al. does not disclose applicants claimed single color substantially transparent outer layer of polymeric material and more specifically an outer layer of single color substantially transparent polymeric, Harelstad et al. an outer layer being a single color substantially transparent polymeric material (Column 5, lines 16 – 18; Figures 1A and 1B, #16; Column 7, lines 45 – 47), the transparent single color polymeric material is mounted to said opposed surfaces provided with said plurality of plurality of ridges

and grooves (Figures 1A – 1C, #16). As shown in Figures 1A and 1B, the colored polymeric material is clearly a outer layer of material. With regard to a no teaching of a single color, Harelstad et al. clearly states “A single fluorescent dye or colorant may be used” (Column 5, lines 16 – 17), which means that the polymer material has a single color.

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
